RE-ISSUE

ARRANGEMENTS FOR SK WORK IN THE "FACTORY"
(TO BE KNOWN AS "THE SIXTH LINE") (1944)

From: NEW YORK

To: MOSCOW

No: 1516

25 Oct 44

To VIKTOR^[1]

During a conversation with EFREM^[ii] here we touched on the question of allotting to the FACTORY [FABRIKA]^[iii] a man who in the capacity of group leader [GRUPPOVOD] could head the work on the colony there (henceforth the "Sixth Line") in subordination to a worker of the OFFICE [KONTORA]^[iv]. EFREM could not for the time being name such a person. In the meanwhile the situation at the FACTORY [1 group unrecovered] activity of the KHATA^[v] is becoming more and more [1 group unrecovered] to judge by warning signs which have reached us.

[4 groups unrecovered] [D% communicate instructions by priority telegram]

[14 groups unrecovered]

the solution of the question we propose: to lay the whole work in the Sixth Line [1 group unrecovered] (at least until [2 groups unrecovered]) on RUBIN^[vi] in subordination either to a probationer [STAZHER] of the OFFICE or to EFREM [2 groups unrecovered] cover [PRIKYTIE] can regularly make the journey into TYRE [TIR]^[vii]. Telegraph agreement.
